Run Samson Run

```
C                                    G
In the Bible, one thousand years BC
                                  C
There's a story of ancient history
                                          F
‘Bout a fell who was strong as he could be
              C              G            C
Till he met a cheating gal who brought him tragedy
```

```
Chorus:
     C                              G
So run Samson run, Delilah's on her way
                                    C
Run Samson run, you ain't got time to stay
                                        F
Run Samson run, on your marks you'd better start
                  C           G            C
I'd sooner trust a hungry lion than a gal with a cheatin' heart
```

```
C                              G
She was a demon, a devil in disguise
                                C
He was taken, by the angel in her eyes
                                F
That lady barber, was very well equipped
              C         G            C
You can bet your bottom dollar he was gonna get clipped
```

    Chorus

```
C                              G
Oh Delilah made Sammie's life a sin
                                C
And he perished, when the roof fell in
                                F
There's a moral, so listen to me pal
              C         G            C
There's a little of Delilah in each and every gal
```

Run Samson Run (A)

```
A                               E7
In the Bible, one thousand years BC
                                A
There's a story of ancient history
                                        D
'Bout a fell who was strong as he could be
              A               E7               A
Till he met a cheating gal who brought him tragedy
