

## Won't You Come and Sing for Me

G D7 C G  
I feel the shadows now upon me  
C G D7  
And bright angels beckon me  
C G  
Before I go dear sisters and brothers  
D7 C G  
Won't you come and sing for me

[Chorus]

C G  
Sing those hymns we sang together  
D7 C G  
That plain little church with the benches all worn  
C G  
How dear to my heart how precious the moment  
D7 C G  
We stood shaking hands and singing our song

G D7 C G  
My burden is heavy, my way has grown weary  
C G D7  
I have traveled a road that is long  
C G  
And it would ease this poor heart dear brother  
D7 C G  
If you'd come and sing one song

[Chorus]

G D7 C G  
Now in my home beyond the dark river  
C G D7  
Your dear faces no more I will see  
C G  
Until we meet where there's no more sad parting  
D7 C G  
Won't you come and sing for me

[Chorus]
