IF I NEEDED YOU

```
  G                                     G
If I needed you, would you come to me?
                    C       D     G
Would you come to me and ease my pain?
 G                                      G
If you needed me, I would come to you
            C               D        G
I'd swim the seas for to ease your pain
```

```
   G                                             G
Well, in the night forlorn, oh, the morning's born
                  C                 D        G
And the morning shines with the lights of love
   G                                         G
And you will miss sunrise if you close your eyes
              C           D       G
And that would break my heart in two
```

```
   G                                         G
Baby's with me now since I showed her how
             C     D        G
To lay her lily hand in mine
   G                                       G
Who could ill agree, she's a sight to see
            C         D       G
A treasure for the poor to find
```

```
   G                                     G
If I needed you, would you come to me?
                      C       D     G
Would you come to me for to ease my pain?
  G                                      G
If you needed me, I would come to you
                C           D        G
I'd swim the seas for to ease your pain
