

# LONG JOHN

## CHORUS:

TAB

Handwritten guitar tablature for the chorus of "Long John". The notation is on two staves per system. The first system starts with a G chord box and contains notes on strings 1, 2, 3, and 4. The second system starts with a C chord box and contains notes on strings 2, 3, and 4. The third system starts with a G chord box and contains notes on strings 1, 2, 3, and 4. Various fret numbers (0, 2, 3) and techniques like triplets and skips are indicated.

★ The parenthesis around the note is called a skip. It's as if your right hand goes to play the note as a part of the regular pattern, but "misses" or "skips" the string. This makes for a funky, syncopated sound.
